

**MCIR**  
***(Michigan Care Improvement Registry)***  
**All Hazards Training**  
**Part 2: Inventory**

September 24, 2009

**Background**

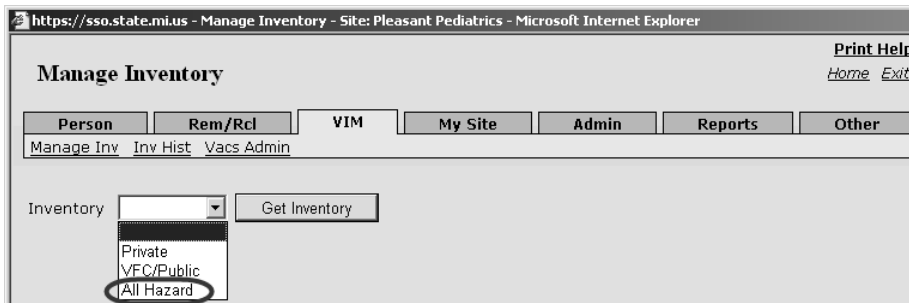

- MCIR All Hazard inventory will be used by provider sites to track
  - H1N1 vaccines administered, and
  - Antivirals dispensed
  - From the national or state stockpile
- All Hazard inventory must be activated before use

## All Hazard Inventory Activation

Providers already receiving MI-VFC (Michigan Vaccines for Children) vaccine	May activate own All Hazard Inventory (next slide) when state/national stockpile received
Providers that are not actively MI-VFC	Must be <ol style="list-style-type: none"> <li>1. Registered for MCIR</li> <li>2. Activated for inventory by their Regional MCIR Office</li> </ol>

## Activation: MI-VFC Sites

- Click Manage Inventory under VIM menu
- Select All Hazard from dropdown
- Click Get Inventory

## Activation: MI-VFC Sites (cont.)

- Check the "Active" box
- Enter the Active Date
- Click Submit
